AI and Tools: Claude, Microsoft Copilot, creating custom AI agents and Skills; Microsoft 365 administration; document automation and assembly; MatrixProsecutor, MatrixCivil, MatrixPolice

EXPERIENCE

Matrix Pointe Software **Nov 2019 – Aug 2026**

Senior Client Services Attorney (2022 – 2026); Client Services Attorney (2019 – 2022) | Cleveland, OH

- Led or co-led 30+ client implementations totaling $15 to $20 million for prosecutors, courts, and law enforcement agencies, from scoping through go-live.
- Led the $4M, 18-month, 500-user implementation for the U.S. Department of Justice, U.S. Attorney's Office (D.C. Superior Court Division), covering workflow configuration, data conversion, and integrations.
- Led a Vermont statewide deployment for State's Attorneys and Sheriff's Offices across 14 counties on a single system instance, and 8 civil section implementations for the Ohio Attorney General's Office.
- Directed data conversions, integrations, and testing with engineering and DevOps teams; ran UAT and defect triage before go-live.
- Regularly defined software features and fed client requirements back into product development.
- As legal subject matter expert, built the statute and charge code libraries and drafted the court and charging documents built into the system.
- Supervised a 3-person support staff for 4 years. Served as primary point of contact for government clients and supported pre-sales demos and RFP responses.
- Trained thousands of end users and built the training materials, enablement programs, and adoption playbooks from scratch.
- Co-directed CJIS security and data privacy compliance reviews and served as final legal reviewer of client contracts.
- Integrated Claude and Microsoft Copilot into daily delivery work over the final two years.

Law Office of Jacob J. Aison **2018 – Present**

Attorney / Founder | Albany, NY and Cleveland, OH | concurrent with Matrix Pointe, 2019 to 2026

- Closed 20 to 30 transactions for 6 to 9 business clients, including a $4.5M buyer-side asset purchase and a $6M seller-side cannabis dispensary equity sale.
- Built a custom AI agent for upstate New York purchase contracts that extracts terms with section citations, calculates critical dates under NY General Construction Law, flags risks against playbooks, and drafts approval letters and client communications for attorney review.

New York State Office for People with Developmental Disabilities **2015 – 2018**

Contract Manager & Policy Analyst | Albany, NY

- Managed approximately $18M in federal grant funds, reviewing grant applications and monitoring grantee compliance with state and federal regulations.
